Scouting The Shops

With Sally

Does your mind go around in circles when you go Christmas shopping? So . . .does . . . ours. And do your feet hurt? So . . . do . . . ours!

But it was worth it . . . the exciting things we found around town this week . . . the fragrant smell of Christmas trees in front of Farmers Market . . . the creamy richness of chocolates in festive boxes at Daly City Nut shop . . , bright red holly-berries at Milo's Market and oranges like great globes of gold.

The entranced three-year-old with his nose against the window of the Daly City Dress shop, staring wistfully at a toy horse . . . shiny new toasters at Byrne's Radio store . . . the pink sliced ham at Robertson's Egg Store to sizzle in the pan for Christmas breakfast . . .

Gay frosted cakes and holiday cookies at Geneva Bakery . . . the happy father explaining to Beeson Cleaners that he was sending them his Santa suit . . . the wise woman emerging fresh and lovely from Martha's Beauty shop . . .

The gleaming new Studebaker Commander at Sweeney's, waiting only a big red bow (we have a hunch Santa Claus would like to trade his sleigh and reindeers in on this) . . . the intent look of a man buying Christmas punch-bowl makings in at Gelsi's . . . the magnificent mountain scenery and breath-taking excitement of "Wyoming" at the Daly City theatre Sunday, Monday and Tuesday . . .

Henry Warshawski smiling benevolently behind stacks of packaged Christmas gifts . . . the tang of fresh strawberries at the Daly City Cut Rate market . . . Satin Eggshell paint at H. H. Smith's . . .

Barrels of assorted nuts at Lucca Ravioli's . . . Christmas carols

A STAR-PACKED CAST IN AN ACTION-PACKED PICTURE . . . Spencer Tracy, Hedy Lamarr, Claudette Colbert and Clark Gable as they appear on the Daly City screen in "Boom Town," smashing adventure of two wildcat oil men who fight their way to success with oil, gold and women as the stakes. Jack Conway directed the star-studded drama, which is now playing at the Daly City theatre.

Laurel Tree Legend

In Greek mythology, Apollo loved the nymph Daphne. When he descended to earth to woo her, she fled from him, and begged her mother, Gaea, the earth goddess, to save her. Through the intercession of Gaea, Zeus turned Daphne into a laurel tree. From that time Apollo made the laurel sacred and victors in the Pythian games, as well as great poets, were crowned with the leaves.

Phosphorous Buttons

After weeks of stumbling over each other in the pitch black streets, Berliners are now wearing round buttons the size of a penny around the neck or in the button hole. Covered with phosphorous, they glow in the blackness.

Washington's Farewell Address

Washington's "Farewell Address" was written primarily to eliminate himself as a candidate for a third term. It was never read by the President in public, but printed in Claypoole's American Daily Advertiser, Philadelphia, September 19, 1796. The address is in two parts. In the first Washington definitely declines a third term, gives reasons, and acknowledges a debt of gratitude for the honors conferred upon him and for the confident support of the people. In the second, more important part, he presents, as a result of his experience and as a last legacy of advice, thoughts upon the government.

Revolutionary Borrowing

Over $500,000 in cash was borrowed by the United States during the last two years of the Revolutionary war, according to a study of "Business Enterprise in the American Revolutionary Era" issued by the Columbia University Press.

Your Wife in Paris

Tourists in France who wish they could bring the famous cuisine of that country home with them to America may now do so. The famous cooking school at 129 Faubourg Saint-Honore in Paris will now accept American women visitors for class and private lessons at convenient hours.

Six Weeks Song

When the carnival comes to Nice on the French Riviera, there is a charming custom of launching a new song whose melody is played daily by every orchestra and street band until everyone is whistling or humming it. When King Carnival dies, the song dies too, and the following season another takes its place.

Light Ray Messages

Messages by light rays were described as an almost interception-proof means of communication during warfare by Dr. Phillips Thomas, research engineer of an Indianapolis electric company. The method would be especially effective in communication between the ground and planes in the air, he pointed out, asserting a message could be intercepted only by cutting into the beam directed at the plane. Other electrical developments demonstrated were a "sterilamp" which he explained would destroy all germs in a given confined area, such as a hospital operating room, and a "black light" which produces various colors.

No Snake Suicide

Available data indicate snakes are immune to their own poison, contradicting a common belief they bite themselves to death when threatened by danger.

China's Co-operative Societies

More than 3,000 co-operative societies, designed to aid China's prolonged resistance to Japanese invasion, have been organized in Fukien provinces.

"Merry Christmas" Cake

By Frances Lee Barton

A CHRISTMAS cake at Christmas time pleases the family and is ideal for that late lunch when friends drop in to exchange greetings and gifts.

Here is an attractive cake, a delicious cake and an economical cake that will ring the Christmas bell every time:

Almond Butter Christmas Cake

3 cups sifted cake flour; 3 teaspoons double-acting baking powder; ½ teaspoon salt; ¾ cup butter or other shortening; 1½ cups sugar; 3 eggs, unbeaten; ½ cup finely chopped almonds; ½ cup finely cut raisins; 1 cup milk; 1 teaspoon vanilla.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating thoroughly after each. Add nuts and raisins and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 9-inch layer pans in moderate oven (375° F.) 25 minutes, or until done. Spread a boiled frosting between layers and on top and sides of cake. Decorate top of cake with wreath of holly, using pieces of maraschino cherries or red cinnamon candies for berries, and slices of angelica or citron for leaves and stems. If desired a lemon butter frosting may be used.

Location of Thermostats

Five feet above the floor is considered a generally satisfactory height for the location of thermostats. They should be placed in locations protected from drafts and not in contact with a large volume of air. The rather bulky thermostat of yesteryear has been beautified, and their location today on the living room wall does not mar the decorative scheme.

Milwaukee Screen Tests

Milwaukee motorists arrested on drunken driving charges get "screen tests." Defendants are required to walk a line four inches wide and 25 feet long painted on the floor of the sheriff's office, while a motion picture records the action.

WINGED FUNNELS OF THE AMERICA

"Sampan" tops, the winged projections on this smoke stack of the new United States Lines' luxury liner AMERICA, prevent soot from falling on the ship's spacious sports deck

Not So Bad

The Melbourne, Australia, government is convinced that traffic and driving instructions offered in a humorous vein are more effective than the usual type. With every driving license now granted is provided a book entitled "Many Happy Returns," containing instructions like the following: "It isn't your fault if all the other road users are completely daft, but it is your fault if you aren't prepared for them to be so."

Too Much Is Enough

Just as the pen is mightier than the sword, so is the tongue mightier than the fist. Mrs. Violet E. Richter took it in silence and with patience when her husband flew into a rage at being asked to move the furniture, knocked her down and threatened her with a gun. But when he familiarly referred to her as "the old woman" it was too much. She sued for divorce in a Lancaster, Pa., court and got it.

U. S. Farm Imports

U. S. imports of agricultural products, except forest products and distilled liquors, have averaged $1,582,000,000 annually for the past 16 years.

Honest Englishman

It's better late than never, reasoned Jesse Wallace, as he walked into a London, England, police station and handed a pair of old-fashioned gold-rimmed spectacles to the desk sergeant. "I found them when I was down here on my honeymoon 25 years ago," he explained, "and the matter slipped my mind until I got home. I decided to turn them over to police on my next visit to London, and this is it."

Cooking Lesson

Left at home to cook his supper while his wife was at the movies, a 28-year-old husband in Prague, Czecho-Slovakia, became so alarmed when the porridge boiled over and filled the kitchen with steam that he rushed to the theater, calling loudly for his mate. The attendants objected to this disturbance of the performance, but the frenzied man threatened them with violence if they interfered. Charged at the police court with disorderly conduct, he was bound over for 12 months.

Blind Workman

Although practically blind, Irving I. Peck, Stratford, N. H., walks more than a mile every day to his farm woodlot and gets sufficient wood out to "pay my taxes and heat my home the year 'round."

Western Duck Sickness

Vance T. Wilson is one hunter who doesn't take his prizes home with him; he sets them free, reveals the American Magazine. Wilson is head of the Bear River Migratory Bird refuge at Brigham, Utah. He secures the marshes for sick ducks, and every year cures thousands of their most deadly disease—western duck sickness. The plague was brought on when irrigation projects took away too much water.

London's Autumn Flowers

In the countryside around London in the fall can be found Heather and Willow Herb in flower, Travelers Joy in the Hedgerows, Convolvulus, Teazles, ivy in bloom, and plenty of blackberries and nuts for the gathering.
